Kapital DX signs MOU with Malaysia Debt Ventures Berhad

Kuala Lumpur, 12 September 2022: Kapital DX (KLDX), a registered Initial Exchange Offering (IEO) operator with the Securities Commission Malaysia, today signed a Memorandum of Understanding (MOU) with Malaysia Debt Ventures Berhad (MDV), to explore opportunities for fundraising and investment on the KLDX Platform.

The MOU was inked as an initial step leading to a collaborative agreement between KLDX and MDV that will allow both parties to explore various opportunities for fundraising activities by and for MDV's customers, on the KLDX Platform.

Through this collaboration, both KLDX and MDV aim to develop product offerings to finance technology driven companies and sustainability projects. KLDX's Founder & Chief Executive Officer, Selvarany Rasiah said, "We are excited to work closely with MDV to provide companies access to capital across their spectrum of growth, as well as provide investors with quality assets for investment".

According to the Chief Executive Officer of MDV, Nizam Mohamed Nadzri, "Given that the KLDX is a multi-asset platform powered by blockchain, we are confident that our collaboration can facilitate a broader range of fundraising and investment activities efficiently to aid growth of businesses in Malaysia". MDV's Chairman, Khairul Azwan Harun, added "The expanding ecosystem of funding sources like IEOs, brought about by new technologies, will greatly enhance Malaysia's status as a funding hub as well as the prospects for companies to achieve scale and success on the global stage".

Both parties exchanged the MOU at a ceremony witnessed by YBhg Datuk Seri Asri Hamidin @ Hamidon, Secretary-General, Ministry of Finance (MOF) and YBhg Datuk Ts Dr Mohd Nor Azman Hassan, Deputy Secretary General, Ministry of Science, Technology & Innovation (MOSTI).

About MDV – The Nation's Technology Financier

Malaysia Debt Ventures Berhad (MDV) is a wholly-owned subsidiary of the Minister of Finance Incorporated established in 2002 with the objective of providing flexible and innovative financing to develop high-impact and technology-driven sectors of the economy, identified and prioritised by the Government as future engines of growth. MDV's strategic role in the technology financing ecosystem in Malaysia is defined by its approach to funding which is different from other financial institutions. MDV's niche is helping to fund young technology-based companies or start-ups that are unable to secure financing from commercial financial institutions due to their novel business model, lack of proven operating track record and lack of collaterals. With the rapid rate of technological and digital advance, and Malaysia's continued push towards becoming an advanced nation, MDV will continue to have a significant role to play particularly in financing emerging technology areas and in achieving its vision of becoming the Nation's Technology Financier.
